

Playgrounds – Information Sheet

Meander Valley Council has approximately 26 playgrounds. These are generally suitable for unsupervised children from the age of 7 to 14 years depending on their confidence and abilities. Some playgrounds also have equipment suitable for younger ages although supervision is recommended.

All playgrounds are audited as part of our Risk Management and Asset Management Plan every six months.

Council encourages all parents to familiarize themselves with each playground they attend to determine the suitability of play equipment for their children.
